# City of Jacksonville

### Memorials and Honors Program

#### The Jacksonville Memorials and Honors Program Includes:

- A donation to plant a tree for a green space or park
- A donation to contribute to plant a tree for a green space or park
- Seasonal Plantings in City parks and greenways
- Etched brick paver donation for the Freedom Fountain

**Beautification** - The program provides Citizens a way to honor and memorialize loved ones and pays for itself without a cost to taxpayers. This program, evolved through the Clean & Green Jacksonville effort, provides additional beautification efforts throughout the City and builds a register of Community giving online, at City Hall and eventually at parks and other locations.

**Affordability** - The Memorials and Honors Program provides donation opportunities at varying budgets. Donations less than \$100 are accepted in tribute to honor or as a memorial and will be aggregated until an amount reached enough to fund a tree. Each honoree or person for whom the memorial gift is made will be listed separately and a numbered tree would be listed as the personification of that tribute.

**Recognition** - The City of Jacksonville keeps a register of all donations to the Memorials and Honors Program. This list is available online and at City Hall. The list includes donors name, honoree name, amount donated, type of planting and location. As of 2014, trees are no longer marked with a plaque due to cost, and in an effort to concentrate funds on purchase of plantings. Existing markers will remain in place but not replaced when damaged. When able the City plans to add signage at major parks or planting locations identifying plantings. Temporary signage will be placed at locations where seasonal honors or memorials are made.

### **Trees**

#### **Tree Donation Memorials & Honors**

- \$50 Contribution to
- plat a tree

  \$100 to plant a tree

  \$200 to plant a
  larger or 'key'

  specimen
- specimen

  All tree donations are listed in the City's Tree Registry

For a contribution, an honor or a memorial can be made for a person or event. A memorial is for a person or persons who are deceased. An honor would be for an event, a person or a group. Honors could include graduation, a milestone birthday, a significant achievement or some other life event.

The contribution is recorded in a master registry that will be available online and is

searchable. The family of a person being memorialized would be notified at the discretion of the donor, or the person being honored would be notified if so desired. The database would detail where the tree is, and who made the contribution, unless the donor wished to remain anonymous.

- \$50 Suggested minimum contribution to the tree fund in honor or memory of someone. These funds will be combined with other donations to plant a tree at a City Park or site as needed.
- \$100 This will fully fund a single tree planted in honor or memory at a location. The tree type and the location will be selected by the City based on the master plan for parks, fields and City maintained areas.
- \$200 This will fully fund a single specimen or key tree planted in honor or memory. This would include trees planted as part of the master plan at a park, such as the Sturgeon City Park or a special tree at an athletic field. See box at right. Certain locations can only contain trees appropriate for that location.

Any amount less than \$100 would be accepted for a tribute in honor or as a memorial. Since this would not fully fund a tree, several donations would be aggregated until an amount reached enough to fund a tree. In the register of Memorials & Tributes, each honoree or person for whom the memorial gift was made would be listed separately and a numbered tree would be listed as the tribute.

# Trees & Plantings

Arborvitae

Bald Cypress

Birch

Black Gum

Carolina Cypress

Crepe Myrtle

Deodar Cedar

Dogwood

Elm

Ginkgo

Oak Varieties

Pine

Redbud

Sycamore

#### Etched Pavers at Reflective Garden and Fountain, Public Safety Complex

With a planned location next to the New River along Marine Boulevard in Jacksonville, the Public Safety Remembrance Garden will be a scenic environment located on the grounds of the new Center for Public Safety. This space will include a fountain, sitting area, flowering tree landscaping and brick pavers and be a place to reflect and honor the men and women who have given their lives in the line of duty. Brick pavers are available for purchase, will become a permanent part of the garden and may memorialize departed officers, friends or loved ones who have served in public safety. Pavers are \$75 for an 8"x8" square. Completion for the Safety Complex is expected in 2014.
